Same owner 914 since early 1977, ex-Stoddard employee. No rust car and has never been in foul weather. 44,500 miles with original paint and is in very good condition.

This 914 has only been serviced and customized by Stoddard Imported Cars. Car just had the rear calipers rebuilt and the front wheel bearings replaced. No desire to sell the car; the reason I must part with it is that I purchased a six this summer with low miles that I want to restore.

Here are some of the features: heavy front torsion bars, heavy front sway bar, orange Konis, 150lbs springs, 19mm brake master cylinder, stainless steel flex lines, stainless steel heater boxes, Stoddard sport muffler, Solex 40 P11 split shafts carbs, Ginther manifolds, lightened flywheel, 911 clutch, copper faced pressure plate, Permatune ignition, quartz lamps. Also have many of the original parts such as radio, steering wheel, etc... Plus, all the paperwork.

Sold for \$12,500.
