Interior color:	Brown		
Options			
Convertible			

Description

27000 mile one owner untill October 2007. original and complete fuel inj.,original paint,original dings, two sets of wheels,original spare never down,complete tool kit jack never used,both complete sets of keys, the spares still have the key code stickers on them. Cigarette lighter and ash tray have never been used. original owners manual and warranty

booklet signed and made out to original owner, stamped by original selling dealer. Selling dealers lisencc plate frame still with car. Has the original porsche logo coco mats.

Since I aquired the car I have done the following: rebuilt all 4 calipers, installed new zimmerman rotors all around with new pads. (have originals they are still good but look old and will go with the car) Removed gas tank had professionally cleaned and resealed. replaced fuel injectors and fuel lines all vacuum lines and new oil and filter. The radio is original and not working. maybe just a fuse I never listen to them anyway

To be driven dailey the car needs nothing every thing works (other than the radio) as it should. To be made PCA concourse ready remove the heater boxes and muffler bead blast and paint and put em back on.

I am selling because I have an 3 car garage with a storage lift and a 1972,1973,1974 Porsche 911's a kubota tractor, and a Cayman on the way, unfortunately my wife says no new garage at this time so there is just no more room, the 914 has to go.

The car is not perfect but it is original and damn close to perfect. PPI welcomed and encouraged.

I am a 25+ year PCA member and have 100% feedback on EBAY if you buy it and I have missed something I will adjust price accordingly. any questions? you can call me at 1-570-441-4821
