Vehicle Description

This is a stunning example of a well-preserved 914! We're sadly letting this incredible car go because we're recent new parents, so our priorities have changed.

THE CAR

1975 Porsche 914 2.0 Less than 9,000 miles since engine overhaul Stunning, still like-new paint! Appeared in 3 separate Playboy publications (magazines and Polaroid test shots included) Fully documented, including dealership purchase papers. Car needs nothing and is ready to drive anywhere!

HISTORY

Purchased Nov. 7, 1975 from Continental Porsche & Audi here in Portland, Oregon. Original ownership up until October 2005. Car has spent whole life in Oregon with exception of a few years in Atlanta in the early '90s, when it was photographed by Playboy (see below). Car was bought in 10/05 by a fellow 914 enthusiast here in Portland. We saw this car in July '06 and knew we had to own it! Over its whole life, this special 914 has only been gently driven, only in good weather, always parked inside, under car cover. Same mechanic (A&P Specialties) from new here in Oregon (Black Forest Porsche Specialist and Automobile Atlanta during its stay in Atlanta). Always maintained with an open checkbook!

PLAYBOY MAGAZINES

As mentioned above, this car was in 3 separate Playboy publications between 1992-93: Summer 1992 Playboy's Bathing Beauties, Sept/Oct 1992 Playboy's Book of Lingerie, and Jan/Feb 1993 Playboy's Book of Lingerie. Car comes with not only the magazines but also original Polaroid test shots! Original owner was neighbor with one of the head Playboy photographers at the time, while in Atlanta, which is how this all came to be. Full credit mention in all 3 issues

MECHANICALS

Full engine overhaul less than 9,000 miles ago by AutoAtlanta & Black Forest Porsche Specialist. 94mm Euro pistons for performance boost. Stock fuel injection maintained. Car runs, shifts, and drives as beautifully as she looks! Pulls very strong, as to be expected from a rebuilt powerplant. Does not leak. Does not burn oil. Starts first time, every time. Not a single problem to speak of! Short shift kit installed. Precise, perfect shifting - no slop here!

BODY/PAINT/COSMETICS

Less than 4,000 miles ago, in June 1998, car was painted a slightly darker green than the original Palme Green. Work was done by one of Portland's top shops, and the result is stunning! Cost over \$4,800 then. This job, today, we're told, would exceed \$6,000-7,000!

This car must be seen in person to fully appreciate!

A good paint job lies in the details, and this car shines! 9.5 out of 10!

A couple TINY touch-up spots, but in all practicality, paint is flawless. Not a chip on the hood, to give you an idea!

TRULY RUST-FREE!

This is not our first 914... inner rockers, floors, firewalls, hell hole, battery tray, trunk hinges...we've inspected everywhere!

If you look at the photo of the battery tray attached, you'll see that it's original and in incredible condition. We cleaned a little bit of the grime build-up on the tray to show how clean it is underneath but have not spent time to finish the job. Aside from a few superficial specks on the rim, there's no rust there!

Engine shelf underneath is, likewise, completely preserved. Sorry, we couldn't squeeze our camera down there for a photo.

Underbody is pristine. There is minor surface corrosion on the engine mount bar (only!), but that's separate from the body and is easily and inexpensively refinished or replaced, but otherwise immaculate

This is a result of a car that has been well loved from new, avoiding rain, driven only in good weather, always stored inside and under cover!

MISCELLANEOUS

Interior is all original except new carpet and aftermarket stereo/speakers (from the early '80s, so more or less period correct) Immaculate! No cracks, tears, or any such blemishes. Just look at how clean the instrument cluster is! Everything works! 130,000 miles on chassis Battery Disconnect anti-theft device. Front & rear swaybars.

Clean and clear title. We'll gladly show the car to serious parties. Professional inspection welcomed. Car is sold as-is. We request 10% downpayment within 2 days of auction close, and full payment within 7 days. Bank transfer preferred. Certified check OK, but we cannot release the car until payment clears our bank. Please email us any questions. Thank you.
