Vehicle Description

This is one of a kind 1971 Porsche 914 California car!

I bought this car from its Original Owner as a present for my parents' 40th wedding anniversary. Unfortunately, my father has found difficult to get-in and get-out of the couple, so we have decided to sell this car and get him something that would feet him well.

This is your oppourtunity to give this gorgeous 1971 Porsche 914 with 25,830 original miles a new HOME. Every single part on this car is Original except the battery. Yes, the tires are original too. The Interior is in pristine condition! The car is in excellent mechanical and cosmetic condition with its Original Paint!

This car still has Original license plate cover from "San Francisco Carlsen Porsche/Audi" and the dealership moved to Burlingame CA in 1983.

Engine and Transmission never been touched.

About Owner: This car was owned by an 80 year old SFSU Professor. It served as his vacation car that he would take to Monterey (Ca), Napa Valley (Ca), Los Angeles (Ca), and San Diego (Ca). He sold this car to me because he was unable to drive this car anymore.

What is included in this Auction:

1971 Porsche 914 with 25,830 miles

Original Ownership Certificate

Sticker Price and Owner's Manual

All Service records and Maintenance Record book – to proof that it has original miles

Registration Cards from 1971 – 2007 by original owner

Original set of Black, Red and antenna keys

Problems:

This car has 4 small dings and it has 3 small stains on the paint (Please see pictures) – It could be fixed for \$400 dollars. I was intending in fixing this small problem but when my dad told me that we need to sell this car I decide that New Owner would love to see this car in its completely original condition, and fix these imperfections the way he/she would like the best.

Other than that this car is in immaculate Condition – You will never find 1971 Porsche 914 with 25K miles and all original Condition and not restored
