

Modified Wheel Fastening Bolts

Vehicle Type: **911 Carrera (996)/911 Carrera 4 (996)/911 GT3 (996)**

Model Year: **Model Year 2004 (4)**

Concerns: **Wheel fastening bolts have been modified.**

Information: The bolts previously used for wheel mounting will be replaced by new bolts with an height of 14.5 mm (previously 16.5 mm). This results in a weight reduction in un-sprung mass.

The wheel bolt for anti-theft protection is not affected by this.

Introduction: May 28, 2004

Parts Information:	Part Number	Description
	996 361 203 02	New/wheel bolt, for vehicles without spacer (includes 4 in the set)
	996 361 203 01	Previous/no longer available after existing supplies are used up
	996 361 980 00	New/wheel bolt, for vehicles with spacer (XRP equipment, includes 4 in the set)
	996 361 203 90	Previous/no longer available after existing supplies are used up

Spare Parts Requirements

Only wheel fastening bolts with the same measurement of 16.5 mm or 14.5 mm may be installed on a wheel. After using up the stock of previous bolts with 16.5 mm measurement, the entire bolt set must be replaced per wheel when requiring spare parts on vehicles with the previous fastening bolts.

Note: A mixed configuration results in increased wheel imbalance.

Important Notice: Porsche Cars N.A Technical Bulletins are intended for use by professional technicians, not a "Do-it-yourselfer." They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Special tools may be required to perform certain operations identified in these bulletins. Use of tools and procedures other than those recommended in these bulletins may be detrimental to the safe operation of your vehicle. Properly trained technicians have the equipment, tools, safety instructions and know-how to do a job properly and safely. If a condition is described, do not assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your Porsche Dealer for information on whether your vehicle may benefit from the information. Part numbers listed in these bulletins are for reference only. Always check with your authorized Porsche dealer to verify correct part numbers.
